

## Metal Tile and Flooring Specifications

**COMPOSITION:** solid aluminum

**THICKNESS:** 3/16"

**DIMENSIONS:** 2.5" X 2.5", 4" X 4", 6" X 6", 12" X 12", 4" X 48", 6" X 48"

Custom sizes available up to 16" in width and 48" in length.

**WEIGHT:** approximately 2.53 lbs. per square foot

**FINISH:** starlite grind, cloud brush, sky brush or straight brush

**GLAZE:** matte or gloss

**DURABILITY:** CWI matte and gloss finishes are scratch resistant. Gloss finish is recommended for wall use. Tiles are fully coated on top and sides with Carina Works glaze and primed on the underside with a high quality epoxy primer to prevent oxidation. Matte finish is extremely durable for flooring and will not scratch under normal use conditions. Suitable for indoor and outdoor applications.

**ECO-FRIENDLY:** Metal is 40% recycled aluminum, matte finish uses post-consumer recycled material. Glazing process environmentally friendly (0% VOC)

**STATIC LOAD:** CWI metal tile and flooring has a compressive strength of 10,000 PSI or greater.

**SLIP RESISTANCE:** CWI matte finish for floors is slip resistant in wet or dry conditions and will exceed applicable ADA requirements.

**STAIN RESISTANCE:** excellent

**MAINTENANCE:** clean with any non-abrasive household cleaner, do not use solvent based cleaners.
